**Subject:** Docket No. 2020-134-T - All My Sons Tariff Amendment

David:

I am writing to close the loop on a question that you had back in July about the final tariff in the above-captioned Docket. You asked me if the final tariff looked OK with the date of the Commission Order on it, and I apparently never answered you. The answer is yes, the tariff was fine with the addition of that new date.

Thanks for your consideration in this matter. Hope you are doing well.

Regards,

David Butler
